

## Chiswick Community School

Upgrades involved a new two storey classroom block, extension to the existing dining hall and an outdoor designated dining space, providing students with new state of the art IT and workshop facilities for Food Studies, Textiles and Product Design.

**Client**  
London Borough of Hounslow

**Architect**  
Pick Everard / Ostick & Williams

**Value**  
£5 million

Works comprised of the design, construction, commissioning and handover of 14 new classrooms, WCs, staff and administration space (approx. 1436m<sup>2</sup>) and a separate extension increasing the dining hall and social facilities by 226m<sup>2</sup>, as well as associated external works, landscaping and provision of incoming services.
