

Castlegar Nursing Home, Galway

This project involved the demolition of the existing Nursing Home and the construction of a new two storey, 38 bed Nursing Home in Castlegar.

The basement comprises of a kitchen, laundry room, plantroom, switch room, internal and external stores and staff changing areas while the ground floor comprises of 21 ensuite bedrooms, a main dining room, living room, tea station, reception and Nurses' station. The first floor comprises of 17 ensuite bedrooms, a dining room, living room, assisted bathroom, treatment room and a sluice room. Included in the project was the construction of a landscape garden area and a car park for up to 40 cars.
