

Abbey Place, Greenwich

Abbey Place, an outstanding completed residential development comprised 245 new mixed-tenure homes across two striking buildings. Strategically located adjacent to Abbey Wood station, Abbey Place ensures effortless connectivity to central London and beyond. With the Elizabeth Line now operational, residents can enjoy convenient and seamless travel options to explore the vibrant city.

Abbey Place, through its shared residents' garden, provides a green haven for relaxation and fosters a strong sense of community among neighbours. Additionally, the beautifully designed roof terraces offer breathtaking views, making them perfect spaces for unwinding or hosting social gatherings.

The completed homes at Abbey Place feature exceptional insulation, ensuring optimal energy efficiency and reducing environmental impact. This commitment to sustainability provided residents with comfortable living spaces and contributed to a greener and more eco-conscious future.
