

Lidl Refurbishment & Bakery Extension, Sligo

This project involved the complete refurbishment and bakery extension to an existing Lidl Store in Cranmore Lane, Co. Sligo.

This project consisted of the construction of a new bakery to the side elevation of the store. The existing ceilings were removed, and new ceilings were installed in the store and warehouse. The walls of the store were plastered & tiled with existing finished blockwork re-painted. A new trolley bay was constructed, new external crash barriers & bollards were installed, and a new bin store was constructed.
