

## Hodson Bay Hotel, Athlone

*This project involved a significant extension to this landmark hotel which included a 52 bedroom block. The work involved the re-division of services from the original building with additional small scale extensions, the refurbishment of the kitchen, a new dining room and a state-of-the-art leisure centre.*

The Leisure Centre involved the construction of a swimming pool, within the confines of the hotel. The complex also included a reception area, learners pool, changing village, staff facilities and plant room.
