CBS Kilkenny: This school is on a greenfield site in Kilkenny Town Centre and involves a new build two/three storey school with associated play areas, landscaped car parks, boundary screening, grass area for future pitch, fenced ballcourts, bike parking and a new link road.

St. Canice's, Kilkenny: This project involves the demolition of the existing school. A new L-shaped two storey building will be constructed with associated parking and hard play areas allowing for school use to continue throughout the build.

Presentation Secondary School, Kilkenny: This project involves the demolition of the existing school with some exceptions. A new two courtyard building will be built with parking, outdoor terrace spaces; new pitch and ball courts.

St. Finian's, Mullingar: This project involves the demolition of existing structures and creation of two new three storey blocks with landscaping and play areas. It also includes extensions and refurbishment to the existing protected structures as well as a new all weather pitch.
